

Ultrasonic Cleaning Benches

Compact Cleaning Systems

Bench sizes as small as 33" x 26"

Greco cleaning benches are the product of over 50 years of custom engineering experience and technical expertise. We include only the highest quality sweep frequency ultrasonic components in systems that are expertly designed with particular attention to durability and ease of use. Our Cellular Cleaning Systems are available in several configurations, all

designed to maximize efficiency and minimize floor space. These benches are offered in three standard configurations, wash-rinse, wash-rinse-rinse, or wash-rinse-dry. Standard compartment sizes are 10" x 12" x 10" deep and 12" x 16" x 12" deep. As always with Greco systems, custom sizes and configurations are also available and can be quoted upon request.

Standard Features

- Sweep Frequency Ultrasonics
- All stainless steel construction
- Removable Front Access Panels
- Simple on/off control package
- Perimeter Drip Guard

Options

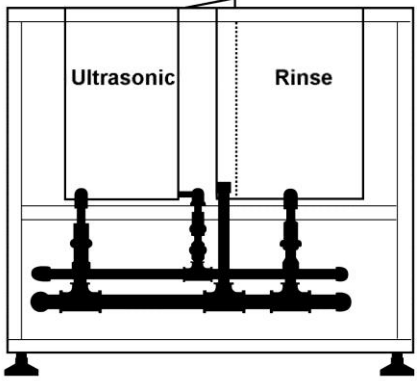

- Manifold Plumbing
- Digital Temperature Controller(s)
- Filtration
- Casters
- Programmable Lift System
